February 4, 2002

Sir:

The following amendments and remarks are respectfully submitted in response to the Office Action dated October 3, 2001. This amendment is accompanied by a petition under 37 C.F.R. §1.136(a) for a One-month Extension of Time and a check in the amount of \$110.00 in payment of the required extension fee. A marked-up copy of the amendments is attached, with deletions indicated by brackets and additions indicated by underlining.

IN THE SPECIFICATION

Please amend the specification as follows:

On page 3, please delete the second full paragraph and insert the following paragraph:

ai
An aspect of the present invention resides in a display system, comprising a transparent plate. A liquid crystal display is provided for generating a display light of information. The display light has a plane of polarization inclined by an angle of about 45° relative to a vertical axis of an image plane of the liquid crystal display. A first optical rotation layer is disposed on a first surface of the transparent plate. The optical rotation layer is adapted to receive the display light from the liquid crystal display and to optically rotate the plane of
